### Reference Regarding Project Implementation

Our experience working with Work Time Zielona Góra Sp. z o.o. includes the implementation of projects in Spain and Portugal. These were large-scale investments carried out across extensive areas, requiring strong organization and efficient operations under changing conditions.

Work Time fulfilled its responsibilities reliably and with a high level of commitment. One of the most commendable aspects of the cooperation was the excellent communication – all arrangements were clear, and contact with company representatives was prompt and straightforward. As a result, the entire process ran smoothly and without misunderstandings.

We also value the company's flexibility and ability to adapt to local conditions – both organizational and technical. Even during more challenging moments, they managed to maintain workflow continuity and collaborate effectively with other parties involved in the project.

We recommend Work Time Zielona Góra Sp. z o.o. as an experienced and trustworthy partner for the implementation of photovoltaic projects in international markets.

Sincerely,

CZŁONEK ZARZĄDU
