## Letter of Recommendation

We hereby confirm that Work Time Zielona Góra Sp. z o.o. has been involved in the execution of projects related to the construction and installation of photovoltaic farms across Poland. The collaboration encompassed a broad range of technical and logistical activities, including supervision of the assembly of structural components and day-to-day coordination of on-site operations. The company also showed strong commitment to maintaining full compliance with all applicable standards and safety regulations.

Throughout the cooperation, the company demonstrated excellent organizational skills, a high level of responsibility, and a flexible approach to assigned tasks. All work was completed on schedule and in accordance with agreed-upon terms, which had a direct and positive impact on the smooth progress of the investment.

Work Time Zielona Góra Sp. z o.o. has proven to be a dependable partner, capable of meeting the demands of a rapidly growing renewable energy sector.

We fully and confidently recommend the company as a reliable contractor for photovoltaic installation projects.
